CRISSINGER ASKS LOCAL BANKS FOR CONDITION REPORT

Controller Seeks Data as Close of Business June 28.

OUTCOME IN DOUBT

Bankers Unable to Predict Result Until Final Figures Are in.

Centroller of the Currency D. R. Originger yesterday served on national banks and all banks in the District of Columbia notice to make a report of their condition as of the close of business Thursday, June 30. Local bankers are somewhat reticent in predicting whether final returns will net & fess or gain in deposits over previous figures which included the period ending April 28. Since that time, deposits have suffered greatly due to the payment of real, personal and intangible taxes and the second annual installment of fricome and excess profit taxes. and unusually heavy subscriptions to the May and June issues of Treas.

Trust companies, from information obtained yesterday, will un-doubtedly make the worst showing of the three classes of institutions in the District the National Savings and Trust Company, American Schurity and Trust Company and Washington Loan and Trust showing losses of approximately \$500,000, \$450,000 and \$400,000, respectively.

The National Bank of Washingtone shows a commendable gain over last "call, having total deposits on June 30 of \$7.250,350.47. Franklin National netted a gain of about \$100,000 with deposits of \$3.230. 723.42; Farmers and Mechanics National, of Georgetown, a gain of over \$60,000 with total deposits of \$2:157,266.77, while the Potomac Savings also shows a gain with \$2,-578,278.29 in total deposits.

The Merchants Bank reports total deposits of \$2,208,048.67, which repents a gain over the previous call of \$260,774.34. Security Savings and ercial Bank also reports a gain of \$76,072.40.

Mellon Calls for Funds.

Secretary of the Treasury Mellon yesterday called on all national banks having funds arising from the last sale of Treasury certificates and short-term notes to pay into their rectohal members 5 per cent of such funds, which call will total approximately \$22,000,000.

Trading in Washington issues was decidedly dull on the local exchange yesterday. Sales totaling \$2,500 Washington Gas 5s were made, this security opening at 76% and closing at 77. A small block of the stock of this company was sold at 43%, while two shares of Railway preferrel was disposed of at 57. Call funds continued to rule at 6 per cent bid with 7 per cent asked. Personals,

Robert V. Fleming, vice president and cashier of Riggs National Bank. returned to the institution yesterday afternoon after spending the holidays at Cape May, N. H. Vice President Joshua Evans, jr., is due to arrive this morning.

Peter A. Drury, president of the Merchants Bank, has returned to Washington after an inspection is summer home in Loudon Count Virginia, which newly acquired proerty was purchased for \$60,000

Harry V. Haynes, president of th Farmers and Mechanics' Bank, Georgetown, is spending a vacation with his family at Ventnor, N. J.

Market Opinion.

In their bi-weekly market sum mary, W. J. Wollman & Co., has th following to say: "Developments the last two weeks have been suc as to warrant a more hopeful vie of the security outlook. In the first greatly strengthened by the exter sive liquidation and the low lev of prices. Our banking position ha shown great improvement through the reduction in commodity load and the lessened demand for capit through the slowing down in bus With the exception of son of the proposed legislation which not likely to meet the approbation of general sentiment in the country the administration at Washingto has shown a helpful, practical as progressive attitude. The formula tion of the budget program in pa ticular has given rise to hopes of reduction in expenditures that ma lead to lower taxes."

> U. S. Department of Agriculture, Bureau of Markets, July 1, 1921. Based on July 1 quotations in important markets, prices for hay,

was said that recent buyers were anxious to take in profits because outside speculative supporfailed to appear in response to the cables and the opening advance. It was evident that traders were mainly scalping.

Several weeks ago the Evening Post published the first advices pointing to a prospective official restriction of the coffee movement in Brall, and possible government.

Washington, D. C., for prompt shipment, are quoted as follows:
No. 1 timothy hay, ton, \$23.00; No. 2 timothy hay, \$21.00; No. 1 clover mixed, \$21.50; spring wheat middlings, \$21.75; cottonseed meal (36 per cent), \$37.00; old process linseed (white), \$29.50; dried beet pulp, \$28.50; No. 2 white corn, 17½c; No. 2 yellow corn, 74½; No. 3 white corn, 76½c; No. 2 white oats, 45½c; No. 3 white oats, 45½c; No. 3 white oats, 45½c; No. 3 white oats, 44½c; No. 3 white o

crop. Will limit arrivals in Santos.

Another cable stated: "Government has bought 3,000,000 bags and will guarantee price of \$800 during July and \$650 during August." The official cable showed July contracts unchanged, and distant deliveries 200a600 rels higher in Santos, compared with Friday's early guotation straight (140 lbs jute). per bbl. (white) \$30.50; flour, soft winter straight (140 lbs jute), per bbl. \$6.25a7.00; hard winter straight (140 while Rio was unchanged to 75 rets higher. Rio exchange on London was \(\frac{4}{3} \) lower at 71-16d, and the dollar rate 250 reis higher.

Firm offers showed no change of moment, Santos 4s being offered from 9\(\frac{4}{3} \) to 9\(\frac{4}{3} \)c.

Spot markets are dull, but \(\frac{45.25a2.00; hard winter stages to 1bs jute). \(\frac{37.50a8.25:}{3} \) fancy spring patent (family brand), \(\frac{38.25a9;}{3} \) No. 2 white corn (bags extra), 77c; No. 3 white corn (bags extra), 79c; No. 3 yellow corn (bags extra), 76c; No. 2 white oats (bags extra), 76c; extra), 47 1/2c; No. 3 white oats (bags

extra), 46 %c. Jobbers' prices in ton lots or more terms cash at dealers' ware-houses, range mostly from \$1 to \$2 per ton over local market prices or hay and from \$2 to \$3 per ton on feed.

Excellent Wheat Demand Increases Export Profit

can wheat farmer, all things considered. In the opening month of the year the average export price per bushel was \$2.80, but yy May of this year the average export price per the new to the price per the pe

year the average export price perbushel was \$2.80, but yy May of this year the price was \$1.22 less, but the constancy of the demand through the year offset a good deal of the loss in price, which was \$1.25 less, but year offset a good deal of the loss in price, which was \$1.25 less, but year offset a good deal of the loss in price, which was \$1.25 less, but year of the loss in price, which was \$1.25 less, but year of the leventh months of the year.

The exports for eleven months, wheat and flour reduced to a wheat equivalent, aggregated \$33,767,419 less, valued at \$792,997.262 at gain of 68 per cent in quantity and of 61 per cent in value over the like period of the preceding year. The maintenance of these percentages throughout June would result in a year's export trade in wheat exceeding, bith in quantity and value that for any agents. wheat exceeding, bith in quantity and value, that for any preceding year in the country's history.

Canadian Steel Output. Figures of production of iron and steel in Canada for the month of

March, just issued by the Dminio: Bureau of Statistics, Ottawa, show an increase in pig iron and a decrease in steel ingots and castings, The total output of pig iron in March was 60.443 tons, compared with 57,711 tons in February, and 41,000 tons in January last. At the end of March, only five furnaces were active and 15 idle. The production of steel ingots and castings was 53,050 gross tons in March. compared with 58,347 in February and 40,000 in January. The Bureau of Statistics says: "Very little com ment of an encouraging character can be made on the iron and steel situation in Canada at the present time. It seems, nevertheless, true that if the present uncertainty continues for an indefinite period.

TRADING ON STOCK

EXCHANGE BRINGS FURTHER DECLINES

Session Extremely Dull

Owing to Decreased Volume.

MEX. PETE. BREAKS 97%

Petroleum Issue Creates New Low on Drop of 7 Points. Call Money 51/2%.

NEW YORK, July 5 .- Trading on the stock exchange was extremely dull, the total sales for the day approximating only 300,000 shares. Mexican Petroleum broke 7 points to another new low, but aside from this and weakness in steel shares on the basis of the cut in prices by the Bethlehem Company the market was practically without feature. Toward the close changes were irregular and amounted from the most part to small fractions.
Call money was at 6 per cent until
the last hour, when it was lowered to 51/2 per cent.

Quietness continued in the foreign exchange market without any large or significant change in the principal European quotations. Sterling was 4 of a cent cheaper at \$3.72%. while Frenci francs were 1½ points lower at 8.00½ cents. Beigian francs meanwhile lost 4½ points at 7.92½ cents, and German marks were quoted 1 point lower at 1.35 were quoted 1 point lower at 1.25 cents. Far Eastern rates were distinctly firm, the Hong Kong dollar being worth 1% cents more and the Shanghai tael 3 cents more. This condition is coincident with a rally in the price of silver at London today's gain of % of a penny being in the quotation to 36% pence. The rising price for silver at first glance suggests an improvement of the posuggests an improvement of the po-sition in the Far East, a condition which would be doubly welcome for the stimulus it would afford world trade. The probability is, however, that the higher price is a reaction to the lower price of sterling at New York since the latter discourages the sale at London of "for-eign" silver held in America.

Commodities.

The British and Continental in-terpretation of last Friday's gov-ernment cotton crop report seems to have been much more bullish than that of our own market: or it may be that the beneficial efforts of the coal strike settlement are making themselves apparent. At all events, cotton prices at Liver-pool rose yesterday and our own prices were higher as a result to-day. The futures rallied here about 1-3 of a cent and even after a mild reaction the July price of 11.93 cents showed a net gain of 18 points. Wheat meanwhile ex-perienced a rather sharp decline as a result of rain and cooler weather in the Northwest. July broke 5% cents to 1.16% and later rallied 1 of a cent, while the net loss on September amounted to 6% cents at \$1.15%. Trading was active and it was apparent that extensive liquidation was taking place.

Canadian Food Prices.

The average cost of a list of twenty-nine staple foods in sixty out the cereal year and a generally out the cereal year and a generally high range of prices have resulted and \$7.42 in May, 1914. The total for foods, fuel and rent in the sixty can wheat farmer, all things considered in the sixty of the constant of the
